Dear Dr. Chen,

I am sorry to hear that you did not work out the schedule to my lab. I am writing this letter with my great enthusiasm to invite you working on your papers in Aug 4 in Boston if it is possible, after the conclusion of the 2018 International Congress of Plant Pathology (ICPP) . During the stay, you are expected to exchange ideas on collaboration with my lab. You are also more than welcome to visit my lab and our research facilities, including plant pathology/food safety laboratories, greenhouses and off-campus experimental research stations in Maryland some day. During your stay, all the expense will be paid by yourself.

I very much hope that you are able to accept the invitation, and I am looking forward to welcoming you in Maryland as well.

Sincerely,

Mengjun Hu
